

Product Highlights

SuperSpeed USB 3.0

USB 3.0 technology allows you to transfer files up to 10 times faster than with USB 2.0, and charge your smartphones and tablets

Compatible With Your Devices

Backwards compatibility with USB 2.0 and 1.1 ensures that you can connect all your USB devices, whether old or new

Sleek, Compact Design

Its glossy exterior looks great on your desktop, and its small size allows you to slip it easily into your laptop bag

DUB-1370

7-Port SuperSpeed USB 3.0 Hub

Features

Added Connectivity

- Seven USB 3.0 ports
- Backwards compatible with USB 2.0 devices

SuperSpeed USB 3.0

- High-speed file transfers at 5 Gbps, or almost ten times faster than USB 2.0
- Seven downstream ports support SuperSpeed, High Speed, Full Speed, and Low Speed transfers

Efficient Charging

- Provides up to 2.4 A of power to each port, up to 3.8 A total
- Able to charge seven smartphones or tablets (including iPads) simultaneously²

Easy To Use

- Hot-Swappable Plug and Play
- Works on Windows, Mac, and Linux computers

Sleek and Portable Design

- Slim and lightweight, for portability without losing functionality
- Fits easily in your laptop, backpack or briefcase

D-Link's DUB-1370 7-Port SuperSpeed USB 3.0 Hub provides an easy way to add seven USB 3.0 ports to your notebook or desktop computer. USB 3.0 lets you reach SuperSpeed data transfer rates of 5 Gbps, while also supporting High Speed, Full Speed, and Low Speed transfer rates. The seven USB 3.0 ports are backwards compatible, so all your devices can be plugged in. Compact with a sleek, black design, you can take it with you wherever you go.

Transfer Large Files Faster Than Ever

Use the DUB-1370 to instantaneously share files with colleagues, friends and family. The DUB-1370 can transfer data at 5 Gbps, or ten times faster than USB 2.0. SuperSpeed transfer rates make it faster than ever to transfer music, HD movies, photo albums, and other large files—making waiting for file transfers a thing of the past.

Connect and Charge More Devices

With the DUB-1370, you can conveniently add more USB 3.0 ports to any computer. Now you can connect up to 7 more USB peripheral devices, such as smart phones, tablets, external hard drives, flash drives, and printers – to your notebook or desktop computer. Use the 7-Port SuperSpeed USB 3.0 Hub as a charging station that can charge as many as seven iPads at once, or save time by simultaneously transferring data from one or more flash drives at lightning speeds.¹

Compatible with All Your Devices

The DUB-1370 is backwards compatible with your USB 2.0 devices. Featuring seven ports; SuperSpeed, High Speed, Full Speed and Low Speed transfers are supported, ensuring your older devices are still relevant. The DUB-1370 supports previous USB standard devices, while providing USB 3.0 high speed transfers to your newer devices, making the DUB-1370 the ideal portable USB Hub for home and office use.

Super Simple and Convenient

Simply plug in the DUB-1370 to any Mac or PC. It's that easy - no drivers or software installation required. Now you can connect up to seven additional USB devices to your laptop, notebook, or desktop computer.

Take it with You Anywhere

The DUB-1370 is designed to fit into any notebook bag, making its compact size convenient for taking anyway. Experience the freedom and convenience of portability and expandability with the DUB-1370 7-Port SuperSpeed USB 3.0 Hub.
